Capability Statement

Vector Coatings, LLC specializes in: Waterproofing all types of surfaces with durable polyurea on highways, tunnels, multi-story parking garages, and large multi-family decking/breezeways.

Our mission is to protect all types of surfaces and structures from water damage or heavy pedestrian or vehicle traffic use.

We specialize in the use of “Polyurea” which is an organic polymer that through a chemical reaction bonds and forms a plastic-like or rubber-like compound that may be used in many of the same ways as older technologies – polyurethane, epoxy, vinyl ester, neoprene; to name a few.

Core Competencies

A wide variety of Polyurea Coating and Lining Solutions

- Potable Water Solutions
- Primary Containment
- Secondary Containment
- Tank Coatings & Linings
- Roof-Floor Coatings
- Waterproofing
- Landscape & Water Containment
- Pedestrian Walkways & Parking Decks
- Joint Fill & Caulking
- Marine Pier Coating

Key Strengths

Vector Coatings, LLC has completed hundreds of projects using “Polyurea” protective coatings. From rooftops to decking, we have “covered” a gamut of our clients’ needs. Flexible, UV resistant, abrasion resistant, no VOCs (Volatile Organic Compounds), and amazing tensile strength are just a few of the reasons to have Vector Coatings, LLC apply “Polyurea” on your next project large or small. Trained and certified to use Gusmer and Graco heated, plural component equipment to spray polyurea and polyurethane foam.

Differentiators

- 20+ Year Company
- Trained and Certified
- Long-term Employees
- Polyurea is Waterproof and Durable
- Protection for Almost Any Surface

Past Performance

Available upon request.
